

# ICF & FWORDS FRAMEWORK FOR HIPS IN CEREBRAL PALSY CME ON SAVE HIPS- IACP

# ICF & F words frame work for Hips in cerebral palsy

## FITNESS

I need to sit better to be able to work. Help me have strong hips& loose weight

## FUNCTION

I sit asymmetrically because of pain in my hips but does not matter .I can sit Independently

## FRIENDSHIP

IT is important to have friends for my development & be part of the society. Give me Wheelchair to sit

## BODY STRUCTURE-

Hip with progressive migration or acetabular dysplasia

## ACTIVITY-

Sitting comfortably & symmetrically, Being able to self feed or attend to toilet hygiene

## PARTICIPATION

Help me go to School in a wheel chair to learn & be productive

## ENVIRONMENT

## PERSONAL FACTORS

## FAMILY

my mother gets tired lifting me or bathing me as i have been putting on weight but she keeps smiling. Support her & solve her problems

## SCHOOL

Give ramps to access & shift my classroom Downstairs

## FUN

I Love working on computers & playing Fun is important for my growth & Learning.

## FUTURE

I too will grow up & become an adult. Help me have a self dependent life
